

Concorde Fire is Awarded Both Platinum and Premier Teams in the Newly-Created Girls ECNL South Atlantic Regional League

April 7, 2021

Concorde Fire is excited to join the newly-created Girls ECNL Regional South Atlantic Conference. Concorde Fire, as a founding member of the ECNL, has been a leader in the development of the elite player for over 20 years.

Concorde Fire is one of a few select clubs nationwide and the only club in the Southeast Conference to have been awarded two team slots in each ECNL age group. We are likewise honored to be awarded two team slots in each age group of the newly-created Girls ECNL South Atlantic Regional League.

Our club leadership is excited to have all our elite players competing under one platform. The Girls ECNL South Atlantic Regional League will provide additional resources and competition to more players and coaches. Concorde Fire looks forward to continuing our goal of identifying and developing players to the next level.
